Welcome to STELLA'S PLACE! Here's the story... Stella Miller came to Estes Park from Pennsylvania in 1912, two days before the sinking of the Titanic. She built the Prospect Inn (this building) in 1915 and it was billed as 'the place to stay in Estes Park', hence the current name 'STELLA'S PLACE'. We make our soups, small plates and sides from scratch, build our sandwiches from premium ingredients to order, and our pastries and desserts are inspired by our sister restaurant 'SEASONED', next door through the French doors (call 970.586.900 to make a reservation...). Enjoy a glass of wine, a beer or a cocktail on the patio (weather permitting) or indoors while we prepare your orders. Thank you!
